Other Related Experience

I have directed video many Live Music events, Steeplechase horse racing and Award Events. I'm proficient in using most switchboards and have great fun while calling the shows. Most camera operators walk away from my shows having a fun time and receiving thoughtful feedback on their performance.

I have over 10 years of AV work experience working for many companies and large shows that come into Philadelphia.

I have over 15 years of acting experience, including work at Philadelphia's Prince Music Theater and the Arden Theater.

I also have done work as an actor in narrative films, commercials and did the entire narration for the feature film "American Coup"

Education

B.A.	Eastern University, Communications Degree Minor in Film and Theatre
